A large number of pupils have been withdrawn from Punahou for the coming term.

Bills against the Lehua while our only navy must go in to the Custom House by 12 to-morrow.

Mr. A. Gear is rapidly recovering from his cycle accident. His hands are still in slings though.

F. Godfrey's request that the Senate allow themselves to be photographed was granted for Monday.

The dance at Remond Grove under the patronage of Mr. Paris of the Advertiser takes place to-night.

Mr. Maertens of the firm of Hoffschlaeger & Co., will return to Honolulu shortly—so it is understood.

When looking for Minister Smith to-day, Minister Hatch found that the lower House has gone into executive session.

President Cleveland has made demand for \$25,000 damages for James Durrell for wrongful imprisonment during the revolution.

The wedding of Consul H. Focke and Miss A. Neumann will take place on the 7th of August. Good luck to the happy pair.

Have you seen the big bargains in Sachs' Table Linen, Napkins, Sheetings, Bed Spreads, that can be had at Sachs' clearance sale.

The school under the charge of Miss Carter and Mrs. C. W. Ashford is likely to be the leading private school the coming year.

A large party will ascend Maunakea under the supervision of S. Parker. C. A. Brown, Dr. Murray, W. Porter Boyd and a number of others will be there.

The new woman intends to abandon "fuss and feathers." She won't do it if she calls at the store of L. B. Kerr and inspects his selected stock of Feathers, Flowers and Hats.

It is understood that the figures 1895 in the pumping plant building refer to its commencement. 1897 is now being chipped to order of A. Brown to mark its probable finish.

Don't fail to attend Sachs' clearance sale, and get some of those Ladies Vests for \$1, Fine Fast Black Hose, 5 pair for \$1, Chemises at 30 cents. Remember this is your last chance.

It appears that Daniels, whom Chas. Notley employed as bookkeeper is the cause of the charges against the latter. Another case of the usual gratitude of the recent arrival on the beach.

An agent of the Evening Bulletin named Saxbury left in the Kinai for collecting purposes. To prevent mistakes we announce that he has no connection whatever with THE INDEPENDENT.

The Miowera arrived during the night from Vancouver and brought about 700 tons of freight. She left about 2 o'clock this afternoon and carried a lot of local freight for the port designed.

Hawaii people don't want Marshal Hitchcock back again. At least many of them have petitioned against it. What are we to do? Keep him here? Send him back, or let him go altogether?

Geo. Lycurgus who recently sold out his interest in the California Wine Co., will probably leave the islands for California in the near future. He will never forget Sans Souci, or his experience as a political, though prisoner in jail.

The correspondent "of Kohala" to the Advertiser should moderate his transports of rage against other people and try to live in peace and quietness. Most people say when reminded of something disagreeable and asked what to do with it. "Oh! burn it."

As an undertaker and as the leading furniture store C. E. Williams & Son take the cake. Eddy Williams is a worthy successor of his father, and the old man will yet attend to the burial of many of our friends. Williams is always to the fore and his opponents are not "in it."

THE LEGISLATURE.

SENATE.

The Senate met this morning as usual. The Finance Committee reported on the additions to the Appropriation Bill. \$13,650 extra for school houses, \$5000 for Kohala and Waimea Road, \$5000 for bridge over Maulua gulch, \$1500 for court house and jail at Kipahulu, and \$1800 for telephone connection between Puna Hilo, that the items be deferred. On the request for exemption from taxes by the Honolulu Library and Readingroom Association they recommended that the request be granted. The Attorney-General stated that he would introduce a bill to cover cases arising in all similar societies throughout the islands. Minister Hatch read the letter demanding attention to the claim of Durrell for damages arising out of his unwarranted imprisonment during the late "unpleasantness." Senator McCandless introduced the following joint resolution regarding annexation: *Whereas*, It is eminently fitting that the Legislature, at the present special session, should make an expression on the political idea, which is so important a part of the constitutional structure and popular following of the Republic of Hawaii; *Resolved*, That the Senate and House of Representatives hereby declare anew fealty to the policy of annexation of this country to the United States of America; *Resolved*, That we put forth the firm belief and sincere hope that all who have the true interests of the nation at heart, and that all who support or are friendly to the Republic of Hawaii will be impelled to even greater continued effort to bring about the relation sought. Senator Brown introduced an act to exempt through steamship companies from pilotage fees. Read a first time and referred to Committee on Commerce. The Committee on Public Lands, etc., reported on the Electric Railway franchise that they cannot report the passage of the bill at this session in its present shape. The proposed route through narrow streets offers too many opportunities of danger to life, and as time is needed to investigate they ask that the President appoint a committee of three to report to next session. Report adopted. The Appropriation Act with its House amendments was taken up. None of the amendments were concurred in. The Labor Commission bill, after Senator Brown had amended its title to conform to constitutional requirements, passed its third reading. President Wilder left the chair for a few minutes and Vice-President Kaubane took his place. The Electric Railway bill was called up but before any action was taken Wilder returned and Kaubane vacated the chair. On motion of Senator Brown as only 8 members were present and the bill wouldn't lose weight or iniquity in the meanwhile the Senate adjourned till Monday.

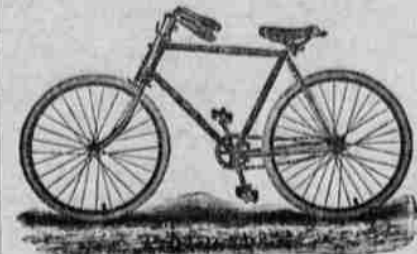

Seaside Resort.

Jas. F. Morgan advertises a sale of beach lots at Kaalawai. The land offered is close to Honolulu. The road to it is most excellent. The bathing and fishing are superb. Anybody who can afford to put up a "box" in which to spend Sundays and an occasional vacation has got an opportunity which can not be equalled for years. A lot can be obtained at a reasonable figure, and the advantage of possessing it is only equal to a suit against the Government. The auction takes place on the 3d of August, and lots of bidders will be around.

Address all communications to the Editorial Department of the INDEPENDENT to Edmund Norrie. Business letters should be addressed to G. C. Kenyon. This is necessary for the present as the Post Office will withhold all mails addressed simply to the INDEPENDENT, owing to the suit brought by A. V. Gear.

Ladies cry for it, girls demand it and the little kids howl for dresses of Silk Striped Challies. There are still some yards left of this fashionable material at the store of L. B. Kerr on Queen street.

Timely Topics.

Honolulu, July 22, 1895.

It cannot be denied that the war cloud which hangs over the world at present is getting darker and darker. It is a historical fact that the end of each century has always been fraught with bloodshed and strife, internally as well as externally. The great powers of Europe to-day are making and unmaking alliances of all kinds. The fact is that diplomacy to-day is using every means to postpone the day when the crash must come and gain time for the different countries to prepare themselves for the gigantic struggle which will and must take place before the present generation dates its letters in the year 1900. Turkey is threatened from all sides. The Russian bear is extending his claws and licking his blood-thirsty tongue towards the East and South in anticipation of gain. The passive and cold brother nations who inhabit the Scandinavian peninsula are now glaring ferociously ready to spring at each other's throats. Germany, under its impetuous, indiscreet imperial master, is drifting into the deceptive maelstrom of conquest, and war, in which all past experience, all knowledge gained through the horrors of war are forgotten, and where only false sentiment and sham patriotism are ruling.

And while the giants get ready for the great war their leaders have realized one thing, and that is, that no army will have a show, no militia a chance, except provided with the indispensable bicycle. And no wonder that the monarchial countries of Europe prefer the "Monarch" to any other kind, and supply their "wheeling cavalry" with that favorite brand.

We have watched proceedings in the great countries with a great deal of care, and we have secured the sole agency for Hawaii of the Monarch Cycle. We have realized that, not alone a large stock is necessary, but that a workshop, in which all needed repairs can be done is in the interest of our patrons, and we have established one above our stores on Fort street. This "bicycle infirmary" will attend to any "sickness" which the wheel may meet through accident or lack of care. Our prices are far below veterinary figures. We fix the Monarchs sold by us at cost price if ever they should need it. We have everything on hand and have secured the services of a most experienced bicycle man, whose work we guarantee.

As the bicycle is not only of advantage in war but love, we wish to call the attention of the young boys and girls who have to spend their vacations in Honolulu, that we have wheels just suitable for them. If daddy can't send them to the country for a trip—or buy them a bow-wow—let them ask him for a Monarch. It will give more pleasure and last much longer than even a volcano trip.
